THE HOME OF STAMP COLLECTING

Great Britain Autumn List  
2019

Stanley Gibbons  
of stamp collecting since 1856

# INTRODUCTION

Dear Collector,

Our latest list marks the beginning of a traditionally busy time in philately following the quieter summer months. I'm sure by now everyone is eager to replace the gardening trowel for a pair of tweezers!

This autumn edition covers our usual broad range of collecting areas, with particular mention to several very fine mint surface printed examples in stock; including a 6d pale buff (SG123) and the tricky 9d Govt Parcels (SGO63). We have also featured brand new George V coil material, starting on page 33 with a Downey leader showing the no cross on crown variety through to page 52 with the scarce 2d Photogravure leader in orange.

Should you wish to discuss any items or are seeking advice on your collection, we would be delighted to hear from you. Our contact details are on the next page or you can use the enclosed order form and send it to the printed address. As always our stock is continually changing so please do check our website or provide us with your wants list to receive direct offers as soon as new items arrive.

We have been busy over the summer and September sees a number of changes across the company. We have a brand new look, an improved publications and accessories range as well as a new website. We hope you like it, any thoughts or feedback are, as ever, welcome.

From all of us here in the GB Department and throughout Stanley Gibbons, we hope you all enjoyed your summer.

Best wishes,

Team GB
